# INVESTMENT OVERVIEW

Grandstone Investment Sales is pleased to exclusively present Stor-Mor Self Storage, a self-storage renovation opportunity located at 7600 North Rockwell Avenue, Oklahoma City, OK. This property comprises 363 units across 46,900 NRSF and sits on a 3.49-acre lot. Constructed in 1998, the facility presents a significant value-add opportunity to stabilize operations through professional management and lease-up. The property is currently 72.2% physically occupied, but with economic occupancy at just 39.0%, there is a clear path to improving revenue through better management, optimized pricing, and leasing up vacant units. Projected NOI growth from \$43,660 currently to \$349,858 in Year 2 highlights the upside potential for this asset.

The investment offers a compelling return profile with an IRR of 24.0% and an equity multiple of 2.78x over a 5-year hold period. Additionally, the property's physical advantage as the newest facility among its primary competitive set provides a strong foundation for capturing market share and further enhancing its value. The local market serves a robust tenant base in Oklahoma City, where the subject property operates as the largest facility among its immediate competitors. With an entry cap rate of 1.25% expanding to a projected 8.39% in Year 1, this offering presents a unique opportunity to capitalize on the underperformance of the current operation and realize strong returns through strategic management, operational upgrades, and targeted leasing efforts.

## INVESTMENT HIGHLIGHTS

Offered at \$3.5M (\$74.63/SF), the business plan projects increasing NOI to \$293,707 in Year 1 and \$349,858 in Year 2, achieving a 8.39% cap rate and a 5-year levered IRR of 24.0% for investors.

Operating at 72.2% physical and 39% economic occupancy. This 33.2% gap offers massive upside through professional management, leasing vacant units, and optimizing rental rates.

Built in 1998, the 46,900 SF facility is the newest and largest among its primary competitors, which were constructed between 1974 and 1981.

The property features direct frontage on N. Rockwell Avenue (15,000 VPD) and is 0.5 miles from Northwest Expressway (45,289 VPD). This highly visible commercial pocket sees over 60,000 combined daily vehicles, providing exceptional exposure and convenient access for local customers.

Developers have platted nearly 6,000 new residential lots within a two-mile radius. This impending wave of household formation, alongside a dense base of 200,000 residents, will drive strong storage demand.
